Annique's Editor's Choice is a monthly Replique article that recognises those Consultants who go above and beyond in their businesses; those who breathe new life into old practices and pursue challenges with vigour.

This month we are recognising Rina Greyling, from Bothaville, who tells her amazing Annique story.

"Three years ago I was diagnosed with heart and lung failure and was very ill. As a result, I lost my job. Suddenly we were out of income because at that stage my husband was very sick and did not work either.

"In November 2018 Annique Consultant Annalize Klopper visited me at the hospital during my appointment at the cardiologist in Bloemfontein and blessed me with Simply Rooibos tea as well as the Bladder and Kidney tea for the infection I was suffering from. My husband received the Resque Mist for his sinusitis and Resque Crème for eczema on his arms and hands. Needless to say, since March this year my bladder and kidney problems are much better. My husband's sinusitis and eczema have cleared. He only serves Annique's Rooibos tea to visitors and sees that I get Relax tea when I am stressed!

"Annalize stayed with us in May, during the week of the Nampo Harvest Show in Bothaville, where she manned a stall with Annique Health and Beauty products and every night we discussed the day's sales and the products. I felt the marketing itch and decided to go for the challenge of becoming an Annique Consultant. I talked to a few friends about the Annique products and in June I registered with my first order of R4 404!

"Annalize was invited by our local garden club to do a presentation on Annique and she invited me along and introduced me to the ladies as the local Annique Consultant. We had good sales and I was inspired. I set myself a goal to work for the 40/70/90 day challenge and on day 23 I reached the R13 200, 90-day target.

"I realised that I could still work in my own time and market an amazing product. I can afford to use the wonderful Annique moisturisers for my dry skin again. I talk to a lot of people again and see people I have not seen for years. I feel so good about myself and I am chasing a 3 month career sales figure of

"I cannot do anything to my heart and lung condition, but my mind is set on being a star Annique Consultant and I will attend the 2020 Première, come what may.

"Thank you Annalize and Annique for giving me a purpose again and thank you Lord for your mercy and grace - I could not do it without you!"
