

Wrinkle Eraser

Want to restore your youthful glow without the negative effects of invasive procedures like Botox? Bo-Serum is the perfect solution. Made with powerful plant extracts and our signature Rooibos, you'll see your wrinkles soften and your youthful appearance return in no time.

Active Ingredients

VNA10+

VNA10+ is a powerful plant extract that is highly effective in fighting the signs of ageing.

Benefits:

- Liven up dull skin (encourages cell renewal)
- Gives a healthy glow (nourishes skin)
- Plumps up skin (increases moisture content)
- Tightens and firms skin (improves elasticity)

BONT-L Peptide

A peptide that mimics the results that you would get with Botox without the risk.

- Prevents the development of fine lines and wrinkles
- Softens existing wrinkles

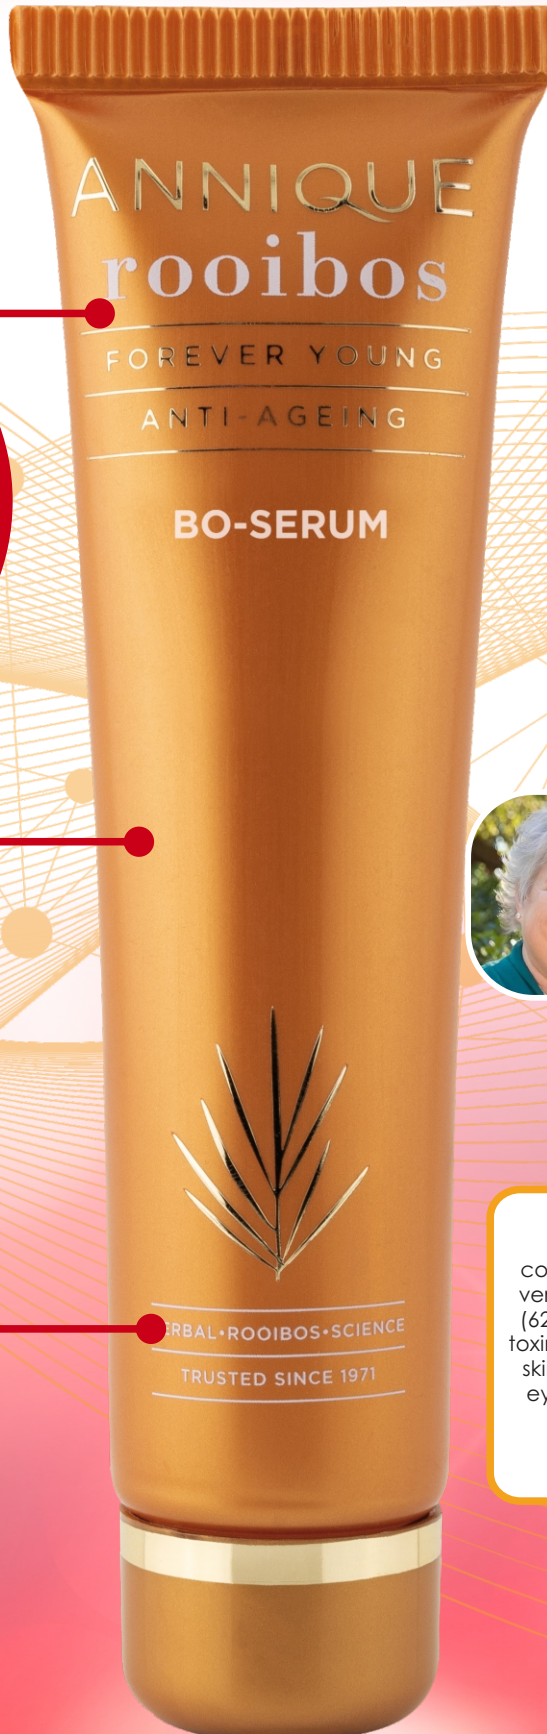

Rooibos Extract

Rooibos extract contains potent antioxidants that fight ageing and help you look years younger.

Benefits:

- Anti-inflammatory (soothes skin)
- Fights ageing (high in antioxidants)
- Fights bacteria (prevents skin breakouts)

Benefits

- Relaxes skin
- Irons out wrinkles
- Softens deep wrinkles and expression lines
- Prevents wrinkles from forming
- Fights bacteria (prevents skin breakouts)
- Fights allergies (prevents skin rashes)

"I love Forever Young Bo-Serum as it makes my skin smooth, especially my forehead. I have been using this product for five years and when I stop using it, my skin seems dull and my wrinkles are more prominent. Apply this product and let Bo-Serum do the work."

— Elrita Hetzel

"I just love my Bo-Serum because it contains peptides that are very good for my older skin (62). Bo-Serum contains no toxins and it really relaxes my skin, especially around my eyes, cheeks and around my mouth."

— Louise Joubert
