

Wrinkle Eraser

Discover ageless beauty with Forever Young Eye Therapy

(Not so)
FUN
FACT:

The skin around your eye is thinner and as a result is the first to show signs of ageing.

Collagen type III combats fine lines around the eyes and our innovative key ingredient, Ampsyncol III™, stimulates its production.

Collagen type III

- A.k.a. the "juvenile collagen"
- Supports connective tissue
- Strengthens the skin and reduces wrinkles
- Important for skin maintenance

Ampsyncol III™

- Effective amplifier of collagen III
- Repairs the natural collagen support layer beneath the skin
- Increases skin elasticity and smoothness
- Anti-ageing and anti-wrinkle
- Increases thickness of the epidermal layer

VNA10+

- Bioactive peptide from the Mexican "Skin Tree"
- Encourages cell renewal for a healthy glow
- Nourishes skin and increases moisture content
- Tightens and firms skin by improving elasticity

Rooibos

- Contains potent antioxidants that fight ageing
- Hypoallergenic

OTHER BENEFITS:

- Fragrance-free formula
- Suitable for all skin types
- Can be used around the lip line too

Expert
TIP:

Start using Eye Therapy in your 20s to prevent the first signs of wrinkles.

"I love the Eye Therapy. This lightweight anti-ageing formula tackles my fine lines, and instantly rejuvenates the delicate eye area." – Renique Leyds
